

PABCO® INTRODUCES...

PRECISE®

Laminated Shingles

PRECISELY RIGHT FOR ANY SITE

PABCO® Precise® Laminated Shingles provide a distinctive appearance to compliment any architectural style. From city to country, this is precisely the right roofing shingle for re-roofing or new home construction. PABCO® Precise® laminated shingles feature a uniform design that has a fire-resistant fiberglass mat base for dimensional stability; weatherproof asphalt coating; and embedded ceramic-coated granules that resist weathering. Plus, a unique self-sealing strip, activated by the sun's heat, provides additional wind protection and resistance to the elements.
